As the bond between them grows stronger, they are both forced to watch the other cavort with the opposite sex and are unprepared for the deluge of painful emotions they feel. Ryan is consumed with jealousy, and Julia's heart is aching; yet they refuse to take the chance that could mean the loss of the very person they couldn't bear to lose. Though their love could be incomparable, their friendship is priceless; and something neither is willing to sacrifice.

The Mad, Mad Love Begins...

Angel After Dark (After Dark Trilogy #1)

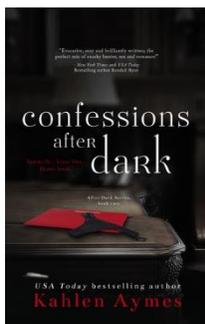

Dr. Angeline Hemming is a beautiful, sassy, no-nonsense type of girl who has risen from a difficult past to become one of Chicago's most successful and respected criminal profilers. In exchange for free commercials to promote her favorite charitable causes, Angel answers calls and gives relationship advice on a Friday night radio program.

Alexander Avery is a gorgeous and successful corporate genius who doesn't believe in love. When his girlfriend-of-convenience calls into Angel's program, he is furious with the show's host who doles out (what he considers) blind advice, without knowing all the facts... and he decides to give her a piece of his mind, and his side of the story!

When Angel informs Alex he's the one in need of a much-deserved lesson, all hell breaks loose as these two type-A personalities battle it out for control over minds and hearts, and yes, in bed. Not only are they fighting each other at every turn, but they are also struggling to uphold the convictions they each live by.

It's unclear who is stronger, but both must discover that to get what they desperately want, they may have to give a little... or a lot.

Confessions After Dark (After Dark Trilogy #2)

Sparks Fly ... Lines Blur... Hearts Break

Alexander Avery is rich, powerful and the sexiest man Angeline Hemming has ever laid eyes on: a man like every woman dreams about. Angel is not immune to his sensual and ruthless pursuit, and Alex is intoxicated by the beautiful doctor; overwhelmed with desire like he's never known.

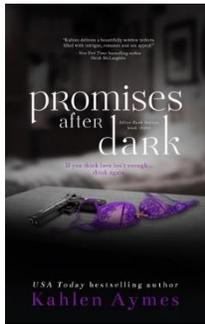

As one of Angel's profiling cases gets more and more dangerous, Alex finds himself filled with unfamiliar panic and emotional turmoil; his need to protect her goes against Angel's adamant insistence that she doesn't need his help. He isn't a man to sit on the sidelines when the woman he's obsessed with is threatened, so he takes control to protect her without telling her of his plans.

Angel's fortitude is shaken when her stalker invades not only her personal life but also those close to her... even when that someone is as powerful and seemingly untouchable as Alexander Avery. Professional ethics insist she keep the details of her work secret, even as their newfound closeness has her

yearning to confide in him. But, as Angel's quest to protect her heart from Alex's undeniable pull equals her need to keep him out of a dangerous situation, circumstances dictate a huge decision; which could have detrimental, and irreversible consequences for them both.

When danger threatens and jealousy reaches the boiling point, lies will be told and secrets kept... Even with the best intentions and the most undeniable connection ... the deepest of loves will be tested.

Promises After Dark (After Dark #3)

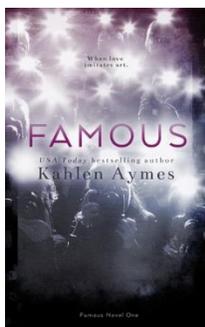

In and out of the bedroom, Alex and Angel's passion is an all-consuming, every-second-of-every-day, can't-stop-thinking-about-you, obsession!

They have it all; fiery hot sexual chemistry, an undeniable mental connection, a profound emotional bond, and a newfound trust as they promise each other, 'no more secrets'. Theirs is a sensual, magical love affair of epic proportions.

When their perfect world is shaken by a dangerous criminal out to extract painful revenge on them, the fierce protectiveness that rules Alex becomes a single purposed objective that will drive him beyond his limits and make him do things even he didn't know he was capable of.

Experience one of the hottest couples in contemporary romantic fiction in the heart-pounding, dangerous and sexy conclusion to Kahlen Aymes' 5 Star After Dark Series!

Famous (Famous #1)

Caden Carlisle is a world-renowned superstar with good looks, **million-dollar** movie deals and women throwing themselves at him wherever he goes. He has it all... but wants nothing more than a normal life without the paparazzi and glitz.

Brooklyn Holloway is an up and coming starlet with a solid head on her shoulders and her eyes wide open. It's all about art for her and she isn't looking to star in blockbuster films. She's perfectly happy keeping a low profile and doing indie projects with a message.

When fate throws the two of them together on set; both are unprepared for their undeniable connection. Cade is drawn to Brook's down-to-earth wholesomeness and she can't help the irresistible pull of his good looks, sense of humor and chivalrous ways... So, when he begins to think he's in love with her, resisting is next to impossible, despite being committed to someone else.

Only when filming ends and the world's fascination with celebrity invades their bubble, can they decide if the emotions they felt on set were scripted, or forever.

More Than Famous (Famous #2)

Fame is a bitch... And a half.

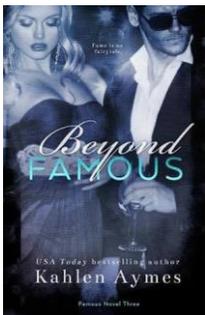

Being a big star has its perks, but Caden Carlisle is in love with his costar, Brooklyn Hallway, and the movie studio demands that they keep it under wraps to ensure big box office success.

Cade always disliked the spotlight, preferring to focus on the work, but coupled with the ruthless stalking of rabid paparazzi, the secrecy forced upon his new and fragile relationship, and the vindictive games of others, celebrity status turns into a curse.

Can the roller coaster of emotions bring them closer still, or will jealousy and distance rip them apart forever?

Kahlen Aymes turns up the heat and cranks up the angst in FAMOUS Novel Two; the continuation of Cade and Brook's incredible love story... Because there's more to fame than meets the eye.

Beyond Famous (Famous #3)

Cade Carlisle and Brooklyn Hallway may be Hollywood's "it" couple, but their feelings are the real deal. They should have a perfect life, but if shooting films on opposite sides of the world and constantly being stalked by the paparazzi wasn't hard enough, the movie studio's ruthless publicity machine is on the verge of ripping the lovers apart.

With Social media invading their private life faster than they can cross the street, rag mags spinning lie after lie, and ex-lovers trying to push them apart, it gets harder and harder for Cade and Brook to focus on each other and keep doubt and jealousy at bay.

When a ruse set up to promote one of their films goes wrong, Cade decides he's had enough, and nothing, not even his superstar career, is worth losing the woman he loves. But Brook's star is on the rise and she isn't ready to risk her momentum in the industry by bringing their relationship out in the open. For the first time, their priorities collide.

In another of Kahlen Aymes' heart-wrenching, explosive, and sexy conclusions, Cade and Brook have to decide if having it all is worth losing everything.

One Step Closer

STEPSISTER.

He hated that flipping word.

When their parents got married, the only thing Caleb Luxan had in common with Wren Brashill was that they both hated their parents. When he was sixteen, Caleb discovered Wren's closely guarded secret and vowed to protect her: from that day forward she became the reason for every decision he made.

Jealousy and long-suppressed desire overpowered Caleb's fierce protectiveness and they spent one forbidden and unforgettable night in each other arms, but the aftermath left Caleb panicked, Wren heartbroken, and their relationship in shambles. In the time since that fateful night, he'd only seen her once and had only managed to make the situation even worse.

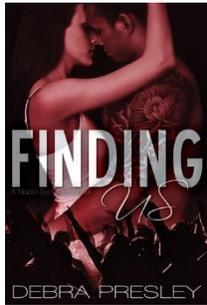

The sudden death of his estranged father calls Caleb home and face-to-face with Wren for first time in years. He is presented with a choice that forces him to confront the painful memories of his youth and his many regrets with Wren.

Like it or not, his father's last, hard lesson, will demand Caleb deal with his long denied emotions for Wren, or let go of her forever.

Make the Play Series (4 books)

Young Adult Sports Romance

Play Safe

I always thought that when I fell in love it would be easy, like catching the perfect pitch. The right girl would slide into my life as seamlessly as a ball into my glove. That's what I wanted. A typical boy meets girl, girl falls for jock story.

But that's not what I got.

I had to fall for the one girl I couldn't have. The one girl I shouldn't want. My best friend Cal's younger sister.

Against my better judgment, I helped Emmy the night she got into a fight with her loser boyfriend. I did it because it was the right thing to do.

What happened afterward was a mistake. A mistake Cal can never find out about.

The problem is that it's a mistake I want to make again...and again. Even though Emmy is pushing me away, I know she wants it too. If we act on our desire people will get hurt, but I don't think I'm strong enough to fight my feelings.

I've never been the type of guy to take a risk, but for Emmy I will.

I'm tired of playing it safe.

Play Hard

I work hard. I study hard. I play hard.

I've always wanted to pitch in the major leagues, and I've spent my entire life pursuing it with singular focus. I'm one season away from graduation, from leaving to play college ball, and one step closer to living my dream. But then one kiss – a single kiss – changes everything. It's a kiss I don't want. A kiss I don't expect. From a girl I barely know.

Taylor Kinney is edgy. Tough. But I see her in a moment of weakness, feel her desperation and need when her lips touch mine. It's the kind of kiss that turns the world on its axis, the kind of kiss that overshadows every kiss prior to it. And it's the kind of kiss that has the potential to throw all my plans out the window. Because all I want to do is protect her, keep her safe. Even if it means putting myself in danger. Even though she repeatedly pushes me away.

I play hard in school, I play hard in baseball, and I play hard in life. And I plan to play hard for her. No matter the cost.

Play Nice

I'm the funny guy. The nice guy. The friend, not the heartthrob. And definitely not the one who gets the girl.

So when I snag one of the most popular girls at school, my friends on the baseball team are shocked. Talia Smith is beautiful, and dating her is the highlight of my high school experience — until she cheats on me and dumps me. As much as I try to play it off, to be the funny guy everyone expects me to be, I'm heartbroken.

One person understands my pain: Ashley McIntosh, the girl whose boyfriend hooked up with Talia. But as bad as I feel for Ashley, I know better than to get involved with her. She'll chew me up and spit me out. It's what she's done with almost every guy on the baseball team.

But the more I get to know her, the more I think I've misjudged her. The more I see a side of her I never knew existed. A softer side. A side I'm drawn to, against my better judgment.

I'm the nice guy, and I'm falling for the mean girl. I only hope I don't get burned in the process.

Play Dirty

I'm used to getting what I want.

And what I want is Ashley. The girl I drove right into Hayes' arms. The girl who is no longer interested in me at all.

But I have a secret weapon. Talia Smith, Hayes' ex-girlfriend, who wants him back as much as I want Ashley.

It doesn't matter that our kiss is what broke up Talia and Hayes in the first place. The same kiss that ruined my relationship with Ashley. Because even though we screwed up, we're going to work as a team to get what we want. By pretending to be together, we'll make Hayes and Ashley realize what they're missing.

But things don't go the way I plan. Pretty soon, the only thing I'm pretending is that I'm not falling for Talia.

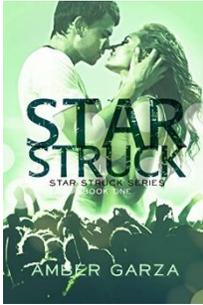

Because I am.

Suddenly, what I care about most is proving to Talia that my feelings for her are genuine. But I know that will be difficult, since I'm the guy who always plays dirty.

Syrenka (3 books)

Promises

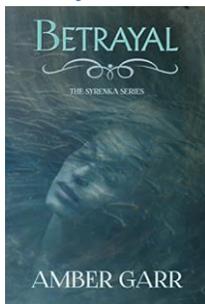

Sometimes following your heart can end up destroying the ones you love.

When seventeen-year-old Eviana Dumahl is faced with the responsibility of an arranged marriage and clan leadership, she is forced to choose between the life required of a mermaid and one of a teenage girl simply infatuated with the wrong guy. Kain, her devoted fiancé would make a wonderful husband except that she's been in love with Brendan, a shape-shifting selkie, ever since they were kids. Choosing to abandon her family, her clan, and her life with Kain will have dire consequences far beyond anything she could have imagined.

A war is brewing amongst the clans and Eviana unwittingly becomes a pawn in the intricate schemes of a twisted mastermind. With Brendan's life on the line, she has no choice but to involve those who she once considered friends. Amidst encountering senseless tragedies and immense loss, Eviana discovers that she is more valuable as a clan leader than anyone ever suspected. Her survival is not only dependent upon the loyalty of her friends, but also on her acceptance of a life that she had so adamantly tried to escape.

Promises is the first book of The Syrenka Series trilogy following Eviana and her friends through the perils of growing up in a discrete world that inherently threatens human society.

Betrayal

Life as a mermaid can be suffocating.

Eviana Dumahl has returned home as a clan leader, an orphan, and a heartbroken teenage girl. Her parents are dead and her boyfriend, Brendan, has decided that he needs some time away. While battling her inner turmoil, Eviana is forced into the war that Lucian Sutherland has incited amongst her own kind. With the help of Kain, her friend and formally betrothed, the two work together to prove that they deserve their birthrights as young merfolk leaders.

When the Council requests a demonstration of Eviana's mermaid powers, she finds herself with an opportunity to win back Brendan's heart. But her orders to train with a repulsive merman and the presence of an attractive new suitor challenges Eviana to embrace her leadership and resist temptation. Lucian is after her, and no one seems to understand why. Loyalties are tested as the casualties increase, showing Eviana that sometimes it is impossible to delineate between friends and enemies.

Betrayal is the second book of The Syrenka Series trilogy following Eviana and her friends as they navigate through the challenges of existing in a secret world.

Arise

With power comes the responsibility to accept its consequences.

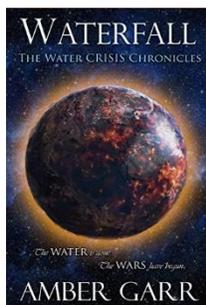

After the betrayal of those closest to her, Eviana Dumahl struggles to cope with her new reality. Kidnapped, broken, and confused, she is forced to engage in a war that will alter merfolk politics forever. With her estranged father leading the charge, Eviana has no choice but to stand by his side. Her continued existence hinges on the acceptance of the power growing inside her, even when that means embracing the family's dark lineage.

Kain Matthew will sacrifice the world for Eviana. And he is not alone. As time runs out, her friends fight to save her life and theirs. An unlikely alliance gives them the edge they need to take a stand, although it keeps Eviana's heart trapped in the past. A new discovery explains some of her previous mistakes, but it may not be enough to stop her father's plans. Merfolk, selkies, and water sprites work together to save their kind, only in this final battle, not everyone will survive.

In the striking series conclusion, Eviana will learn the true meaning of power, sacrifice, and love.

Friendship Texas Series (4 books)

Edge of Glory

"Welcome to Conti's. I'm Lia and I'll nguuhhhhhhhhhhhhh".

I froze. Directly facing me was Olympic swimmer, Jay Morningstar... and I just made an idiot of myself.

The rest of the table looked up to see me standing there with my mouth practically gaping. His coach, who I recognized from TV interviews, and even two other swimmers from the Olympic team... they didn't say anything, they didn't even blink.

"Uh... I mean..."

I couldn't even put together my words and Jay Morningstar was just staring at me with that Wheaties box smile and those icy blue eyes.

What was I supposed to say? Sorry I just made a weird noise, it's just that I have a poster of you on my wall where you are wearing nothing more than your gold medals, a smile, and a pair of man panties?

Rumor Has It

A Brand new Standalone, Second Chance Rom Com from Friendship, Texas featuring Country Music's Biggest Superstar, Eddie Justice and Friendship's resident author, Brooke Carrington. "Rhonda? Psst, Rhonda, is that the Carrington girl? The writer who was at the bakery with that country singer Eddie Justice? I thought she was in Austin?" one of the old church ladies not-so-subtly asked the woman next to her. I rolled my eyes, and Clay looked at me with a mischievous grin. Slowly, I stretched my arms over my head and leaned toward my brother, not so quietly whispering, "I can't wait to get out of church, so I can go home and get some Eddie Justice man meat." The old ladies gasped and started whispering. They didn't need to know that Eddie and I had only ever been next-door neighbors and friends. Well, until we spent the night breaking a tree branch, if that counted for anything.

Part of Me

Welcome back to Friendship, Texas. A town where your best friend may be dating an Olympic swimmer and his best friend may or may not also be an Olympic swimmer you sort of, kind of did the nasty with against Nonna's goat pen.

"Is that...?" I asked, staring at Dr. Burly Santa.

He smiled and nodded. "That would be your baby's heartbeat."

The emotion I'd been storing away came flooding back as tears burst from my eyes. A baby. A person. This was real. I was carrying a tiny human inside me.

The doctor tried to console me as he gave me samples of prenatal vitamins and paper after paper was piled in a folder with my name and September on the front.

September. My baby's due date.

Holy shit, I was going to be a mother.

And Johnny was going to be a father.

I had to do so many things to prepare and people I had to tell. But at that moment, I just stared down at my stomach. My stomach holding my baby.

This wasn't just about me and my future anymore. This was about us. And whether I liked it or not, this baby was a part of me, which meant Johnny was a part of me. It was time we stopped running from each other.

The One That Got Away

A brand-new standalone from Friendship, Texas featuring everyone's favorite awkward baker and the one that got away.

I looked up and standing there was my ex-boyfriend, Jordan Webber. Maybe ex-boyfriend wasn't the right word. Maybe the boy who I dated for almost two years. Then he graduated early, leaving for art school in New York. He wanted me to come with him, but what future did I have in New York? My parents weren't paying for me to go to school unless it was a state school with a real degree and all I ever wanted was to do photography. So the portrait studio worked for the time being until I realized I really needed to get out of the house and took the part-time job at the bakery. Between my parents' divorce, work, and trying to get over my break up, I was basically a hot mess the first two years after high school. Joey came in at the right time as a distraction then the job at the bakery. But I still never forgot about the one that got away.

I hadn't seen Jordan in over four years and there he was, standing there with a hand on one of the boxes and his blue eyes wide open like he'd just seen a ghost.

"Abbey Dillinger?" he asked, it wasn't so much of a question as it was a breathless statement.

I hated him for leaving me. He could have gone to art school in Dallas. He could have stayed if he really did love me. I should have hated him. But seeing him, standing in front of me, I couldn't hate him. The past four years had been very good to him.

This book is a standalone in a series of standalones taking place in the fictional town of Friendship, Texas. You don't need to read any of the previous books to understand this one

Keeping Her

Julia Fisher was everything to me. I loved her and would have done anything for her. But the night she walked out of my life, after deciding I wasn't good enough for her, I got out of town as fast as I could.

After six years, I'm coming home.

Now I am going to make it my mission to rub everything she gave up in her face. No matter how much I still love her, I need to bury it deep inside me because she chose him.

Brian Evans broke my heart—shattered every piece of my soul when he left. He decided that I wasn't worth the wait.

Now he's back in town.

He is a constant reminder of the pain that I endured at his hands. I won't let him break me again.

A lot can happen in six years. People move on, fall in love again, and forget about the pain from the past.

Seeing his face, hearing his voice, brings me back to a time when things were simple and love was enough for us.

I can't let him know that a part of me still loves him.

Now that they are brought face to face again, will they destroy each other once more or will they discover that things aren't always what they seem? Are some bonds unbreakable? Are some people worth losing everything you have?

Protecting Her

I don't do love. Hearts, flowers, dates, girlfriends, it's all pointless. Why tie yourself down to one person when you can have a different one every night? Sure there have been a few that have intrigued me but none ever made me think about hanging around. No one ever haunted my thoughts after I left.

Until Her.

I just wanted one night of freedom. A chance to live without prying, judging eyes.

When I met him, the moment he first touched me, it's like I was hypnotized. I got caught up in the moment and made a mistake, I never thought he would be so cold after it. No one has ever made me feel that way.

Until him.

When you push love away will you be able to recognize it when it's right in front of your face?

Or will everything be ripped away before you get the chance to really live?

Saving Her

People lie. Love is meant for fairy tales, not real life. My heart was crushed by a man who promised me everything and then took it all away. He proved to me that you never really know someone. But this man makes me want to throw caution to the wind. I don't want love, but I do want Mason Brooks.

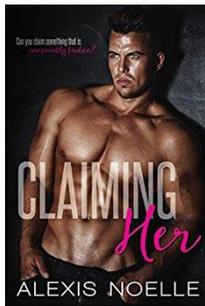

Love is a fantasy. Something that people convince themselves is real, but it isn't. I was taught at a very young age that love is toxic. Since then I have learned to need no one. Only my small group of friends is given my loyalty. I have no use for love. Even though I know she's dangerous, she makes me wonder what her touch would feel like.

Lacey Hunt is toxic to me.

When two people are irreparably broken can they rise from the ashes?

Can love exist in two black hearts?

Claiming Her

Jake is so egotistical and arrogant. I can't stand him. My life has been going great and the last thing I need is someone coming in and complicating it. He can try all he wants but I'll never give into him. I'm toxic, I destroy everything I touch. If he gets too close to me he'll regret it. I don't need anyone in my life especially not him.

I haven't stopped thinking about Angelina since the first time I met her. Something about her is pulling me in and I'm determined to get to know her better. My luck with girls has been horrible for months, but I think it is about to change. She keeps pushing me away, and fighting me at every turn but it isn't deterring me. I won't stop pursuing

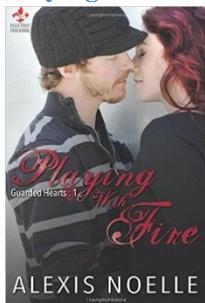

her until I have her.

Can two people with nothing in common make it work?

Can love conquer all the demons hiding in the dark?

Breaking Free

Holly James is trying to move on with her life, but it's not easy. She can't stand to be touched by anyone, not even her own family. She is a lost broken shell of the person that she used to be. She realizes that shutting everyone out is much easier than opening up and letting someone hurt her.

Drew Walker is no prince charming. He doesn't care about anyone but himself and has no intention of changing. He loves the life of excitement and entitlement that comes with being the lead singer of a band, and has no plans to get tied down anytime soon.

When these two meet there is an immediate chemistry. The thing that surprises Holly is that she can tolerate his touch. He makes her feel like herself once again and gives her the freedom and comfort she has been desperate to find. On the other hand, he is self-centered, egotistical, and everything that she should stay away from.

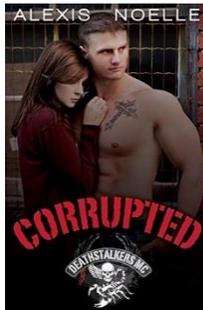

What happens when the one person who can save you might also be the person who can break you?

“There was something about Drew, but I had no idea what it was. He was self-centered, cocky, and definitely not prince charming. Maybe that’s why I liked him though. Maybe I didn’t want to be saved by the handsome prince. Maybe I wanted to be corrupted by the evil king.”

But now, I find myself thinking of her. Sitting at my desk, calling the shots, even pulling the trigger has become a daunting task. Not because I don’t want to or can’t, but because all I want to do is imagine what it would feel like with my body wrapped around hers.

Should I feel as though this is the life I want? Should I see the good for all it is and accept the bad as it comes? He’s different, I’m different. Maybe it’s the way his eyes glisten now or the fact that they are even darker at times. I can’t help but wonder what it would be like if Jax could love me. All of the Kings horses and all of the Kings men couldn't save Bella from seeking revenge once again.

I know what you're thinking—What the hell am I doing, right?

A Heart of time

“Time of death...” the doctor said.

I won’t forget that moment I looked over at Ellie—the paleness of her once rosy cheeks, the blue hue coating her perfect lips—the woman I had been with since we were five years old. My wife. My best friend...and the mother to our newborn baby girl.

You promised me we would be together forever, I wanted to tell her. She gave me her forever, I told myself. Her forever just ended at twenty-five.

“You need to say your goodbyes...” the doctor said.

How do I say goodbye to the one person in my life I could never say goodbye to?

My body is numb, and my heart hurts. Hurts like someone just ripped it out of my chest. Which is ironic...

“We are going to remove her heart now, Hunter. It was her wish to donate,” the doctor said.

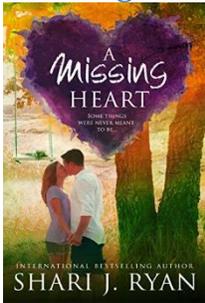

She never told me this.

She never told me another woman would carry on with her beating heart. She never told me this woman knew me but wouldn’t let me know her.

She never told me if I should follow her heart, or if I should follow mine.

She knew. She could have told me...

A missing Heart

I’ve made mistakes. Some of those mistakes have ruined lives, including my own.

Because of this, my past is something I have kept to myself, so when I found a woman who also wanted her past to remain hidden, it felt like the universe was pushing us together.

It turns out the universe had nothing to do with that.

If a person’s past doesn’t exist, the present may not unravel the way it should.

I found out the hard way, when I learned that my wife is not who I thought she was...living with a past I should know about. Her continuous self-destructive behaviors let me know she clearly has a plan—possibly one I never should have been a part of. I keep trying to save her, but she’s making it hard.

Now, both of our pasts have simultaneously rolled into the spotlight—colliding head-on, and causing the present to come crashing down on top of us.

I learned that since our pasts are part of who we are, they will always be the foundation of our present and our future.

The question I have is, will either of us walk away in one piece?

Ravel

At twenty-three, I'm left with a decision. The outcome could be life or death.

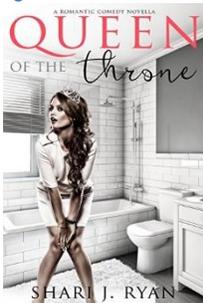

Trent hit me once, and I cried. Then he hit me again. And again. After a while, I got used to it, as I slept on the floor beside his bed, night after night.

Everyone told me to leave him, but I can't. He won't let me.

The moment I wanted to give up on myself and any form of hope, Kemper—a tall, sexy Marine just home from Afghanistan walked into my bar. With one look in his eyes, I saw pain that mirrored my own.

At first, I thought maybe he would be my prince charming, riding in to save me, but all it took was one tragedy for me to remember...fairy tales don't exist in real life.

Queen of the throne

Have you ever sat down in front of an incredibly hot man, ran your stiletto covered foot up the side of his leg, then felt a rumbling erupt in the pit of your stomach? A rumble so fierce, you were forced to clench harder than you even thought you were capable of clenching.

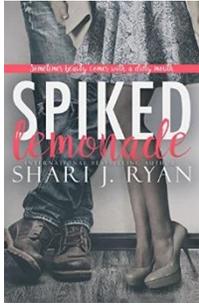

This is my life. I suffer from Irritable Bowel Syndrome and it has affected me in ways I try not to talk about. It hasn't just ruined almost every date I have gone on—it has simply ruined my life.

I've gone to dozens of doctors in search for a solution and every test has come up inconclusive. That was until I met Dr. Channing...I mean, Noah. He was the mouth-watering gastroenterologist who probed me five minutes after we met.

Love was instantaneous. The way he cupped my butt-cheek ever so gently showed me a preview of what my future could be.

I will never forget that colonoscopy, and I will relive it every night in my dreams until the day I see this man again.

Spiked Lemonade

I traded in my Navy uniform and short hair for tats and a scruffy beard to become a man on the run. Moving from town to town, taking comfort in hot cars and fast women was the only way I could outrun the nightmares.

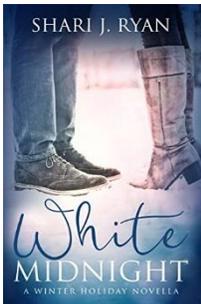

Then I met her...

Looking like a Southern Belle in a small Texas town, all layered in pretty dresses and perfume, I call her beautiful. She calls me a perv.

This beauty won't admit I have something she wants (wink, wink, nudge, nudge), or that I'm the one she's looking for, but I love that she has something I never knew I needed.

I may be labeled as a jerk, but she's going to fall in love with me, and I'm going to make her cuss and drink whisky instead of lemonade. Why? Because sometimes beauty comes with a dirty mouth and sometimes your lemonade needs to be spiked.

White Midnight

I was selfish once, and I took everything for granted. Then my life turned in a direction I never dreamed of.

I want to fix everything, but it's too late for that.

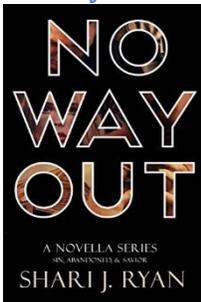

Spending Christmas alone has become a new tradition. It is my self-inflicted punishment—one I deserve.

However, surviving a blizzard in Northern New Hampshire was not on my wish-list this Christmas, especially in a town where only a few locals were brave enough to wait out the storm. I never should have been one of those "brave" people...not with my fashionable boots and thin winter coat.

Now that the damage is done, I am confident I can write the next book on, "How to Survive a Blizzard in Fashion". There's really only one step to this survival guide, though: find a hot mountain man and fall for his rugged ways.

Maybe this Christmas, I won't be so lonely after all...

No Way Out

They were told there was no way out, but they are determined to find one.

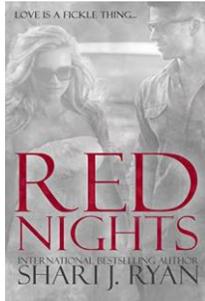

For Reese and Sin, finding a way out means entering into a world they aren't prepared to face...a world nobody could be prepared for.

Their story is frightening and nerve-wracking, yet, also full of hope and love.

The saying: "No news is good news", is proven wrong in every way possible. When held in confinement and isolation for several years, just about anything can happen in

the oblivion outside of Chipley's prison walls. In this case, anything turns out to be a reality more terrifying than either one could have imagined.

Red Nights

Could I have saved him?

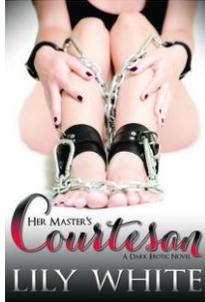

When my life changed in that smoky second, confusion rained down around me like sparks from a fire. But yet, I found myself falling for a sexy stranger I met in a dark park, and blatant lies I didn't know existed culminated into unfortunate truths.

At twenty-five, I thought I had life, men, and my future figured out. It turns out, I didn't.

Her Masters Series (3 books)

Her Masters Courtesan

I am a Master.

You must know this fact to understand my story.

I capture women.

I break them down.

And I rebuild them.

If they are lucky, they are sold into the professional hands of another Master. If they are less fortunate, they are buried beneath the ground, never to be thought of again.

I lust for the control, I demand absolute submission and my body yearns to warp the minds of those I train.

Power is the only thing I'll ever need and I am addicted to the feeling of ultimate control.

I am wealthy, good-looking, educated and charming.

And I am - in no way - a good man.

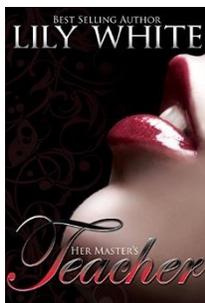

I do not want love.

I do not want kindness.

She thought she could change me by giving me the two things I knew I never wanted.

She was wrong.

Her Masters Teacher

She caught my attention the first day I was seated in her class.

Her dark red hair fell in waves down her back and her alabaster skin appeared to sparkle under the lights of the lecture hall.

I'd admired her from a distance, never speaking or doing anything to draw attention to myself.

Each day that I spent watching her in this room, I noticed how her eyes would flick up to me. She was wary of me - frightened - and she had reason to be.

Allow me to introduce myself...

My name is Holland Strong and at 21 years old, I'm the youngest Master within a society of wealthy and

influential men.

Claire Elliot is my psychology professor in college - that is, at least, until I make her my first courtesan.

She believes she knows everything about how the mind works...

...and I believe I can prove her wrong.

Her Master's Christmas

~~ Aiden and Rebecca return in this holiday novella ~~

I am a Master.

You must know this fact to understand my story.

I'm not here to offer you a delightful or cheerful holiday story.

It is not my job to fill up your heart with the festive spirit of the season.

It doesn't make sense for me to subscribe to the spirit of the season when it's one of the things I work so hard to extinguish in the courtesans I train.

Rebecca thought she could seduce me into celebrating a holiday she loves.

I don't want lights and pretty baubles.

I don't want trees, or wreaths or garlands.

I don't want presents or the fantasy of a day where nothing bad exists.

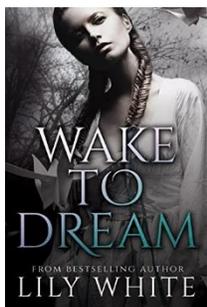

She thought she could manipulate me until my heart warmed just enough to allow some festive cheer into the depths of cold, bleak darkness.

I've said this once, and I'll say it again...

She was wrong.

Target This

I'm not sure what I was thinking that day.

It was a normal Thursday, nothing new or exciting had occurred in the morning.

I'd risen from bed, taken a shower and brushed my teeth. I'd then jumped on the 8:05 bus that ran a short distance between my house and the county library where I worked.

The ride took its usual 15 minutes before it left me standing fresh faced in front of a building of gothic construction that was my favorite place in the world.

After straightening my knee length skirt, I pushed open the door that led into the interior of the library.

It was at that moment that my world would change – impossibly and forever. It was a fateful movement of wood that collided with the shoulder of a man that would alter my very existence.

It wasn't fear that I felt at that moment – more like the feeling of being watched. It was the feeling of knowing that danger lurks - the sensation of the hair standing on end at the back of your neck.

Looking back on a moment that happened so many months ago, I now realize that I should have listened to that feeling.

As I would later find out, the man standing in front of me referred to himself as Master Lucas...

...and I was his next target.

Hard Roads

This life isn't one that I chose for myself.

Years spent as a daughter in the Dominion MC left me washed up and struggling to breathe. Life was never flowers and sunshine. It was gravel and dust, the trails of dirt left behind when the brothers tore out, floating up from the ground to hover in front of an angry, red sun.

I could never have imagined that a life sitting at rock bottom could get any worse, but it did.

Life is funny like that.

Just when you think things can't get any more bleak, a shade is drawn leaving you staggering and blind – lost in a world of heartache and sorrow.

I met J.D. Brooks on the road and he swept me off my feet. Literally. But not in the way you might think.

He was both an angel and a demon.

He was the most vicious storm that ever darkened my life.

He was also my salvation.

Stripped from the hands that always held me back, I was released into a nightmare that would threaten everything I thought I knew about the crap hand I'd been dealt.

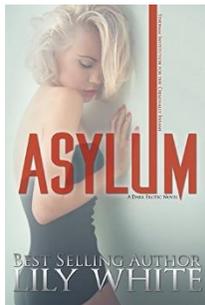

I thought I could never hate a man more than the one who stole me from the life I'd known.

And in our time together, he would teach me one important lesson:

That in the end, it doesn't matter how our paths intersect, because when it comes down to the basic truth of our lives...

...we're all stuck traveling down hard roads

Asylum

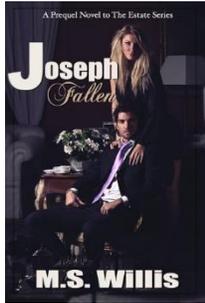

Words are funny things. Their meaning, the pictures they paint in the minds of those that hear them: they're not always the same and to me at least, that makes them meaningless. Take for instance the phrase 'black widow'. Those words conjure the image of a spider, an eight-legged creature with the red imprint of an hourglass on its abdomen. However, instead of speaking of an arachnid, of the resident of a spindly and dew-laden web, the people who whisper those words are talking about something much different. They're talking about me. From what I'm told, I'm called the Black Widow because no man I've ever loved has survived. Yet, I have no memory of any of it. My new home leads me to the definition of another vague and meaningless word.

It's a place where I'm supposed to seek refuge. A place of retreat and security. It's a place where I'm supposed to be kept safe because I'm sick. But the definition for this place is wrong and the word becomes meaningless when you're tucked away and made silent by drugs and pretty white jackets. My name is Alexandra Sutton and this is the story of what happened when I was imprisoned inside an Asylum.

Control

Paige Stone lived anything but a normal childhood. Having been raised around an abused women's shelter operated by her parents, Paige was a constant witness to the tragedy and heartache suffered by women at the hands of the men they trusted. Out of refusal to ever allow that to happen to her,... Paige built walls around her heart at a young age. Those walls were only fortified when tragedy struck on her sixth birthday and took from her the only friend and love she knew. Now at 22 years old, and working as a private investigator, Paige is driven by a deep need for strength, independence and a stubborn refusal to accept help from another person. Surrounding herself with her three best friends, Paige never assumed that the autonomy she had worked so hard to build could be challenged.

That was, until Paige met Daemon Pierce.

Mysterious, strong-willed, and breathtakingly beautiful, Daemon seemed to instantly know Paige better than she knew herself. Paige is disgusted by Daemon's reputation as a womanizer, but becomes intrigued

when she is unable to discover his background. Paige's curiosity about Daemon proves to be her downfall as she is swept up in his charming and arrogant pursuit to possess her in every possible way.

For the first time in her life, Paige will struggle for control while Daemon slowly dismantles the walls she has built around herself. Only time will tell who will be victorious in their battle of wills as Daemon teaches Paige the weaknesses within herself that she never knew existed. Paige stays one step ahead in her struggle against Daemon's controlling ways, but when tragedy strikes her life a second time, she has to choose; will she put her life in danger, or will she finally accept a helping hand?

Conflict

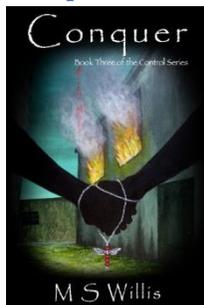

Private Investigator, Paige Stone has always appreciated the independence of her life, however, her world was pitched upside down when she and her roommates were attacked and nearly killed. As a result of the attack by Chris, Paige now finds herself dependent upon Daemon Pierce for a place to live as she hides from Chris. Paige has never lived with a man before and demands that Daemon consider her a "roommate" only, even though it goes against her own desires.

Strong-willed and arrogant, Daemon Pierce has been working hard to protect Paige from Chris and from herself. Letting go of his life as a womanizer, Daemon tries to prove to Paige that she can trust him, even though he refuses to enlighten her as to his past. Daemon struggles to comply with Paige's ridiculous demand to be "roommates" and quickly finds that he has fallen in love with the girl who does nothing but push him away.

Paige's emotional journey once again places her in dangerous situations and when secrets are revealed and decisions are made, Paige has no choice but to look deep within herself to see if she can finally trust the man who will stop at nothing to save her.

Strong-willed and arrogant, Daemon Pierce agrees to help Paige on her hunt for Chris. As Daemon instructs her how to fight with both body and mind, he breaks down the final walls she has built around her heart.

Hundred To One

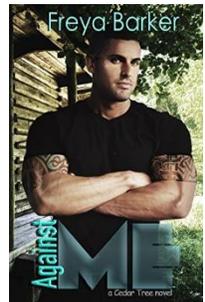

Arlene Bowers is as tough as nails. She has survived a less than perfect marriage, managing to move past it to run her own diner. Her abrasive exterior has always been a way for her to hide behind the darkness and pain that she has endured, but a recent, violent attack and several disturbing phone calls have that tight hold on her emotions wavering.

Seb Griffin showed up in Cedar Tree eight months ago and was hired on at Arlene's Diner as a cook. An ex-con with secrets of his own, Seb walks a fine line. Against Me

Patience has always been Caleb Whitetail's strength. Quiet and unassuming is what you see with the GFI investigator, but the blood boils hot right under the surface. He kept his distance for years only to see the woman who has held his attention almost lose her life not just once, but twice. He is done standing in the shadows.

Katie Acker, once a tough and athletic security specialist now struggles daily to walk. The closest to family she has are her colleagues at GFI. Especially the man who saved her life and always has her back. So when she unwittingly becomes the focus of a Mexican cartel, it's no big surprise she finds him right by her side.

With the combustive change in their deepening bond, Katie and Caleb do not see the oncoming danger - until it surrounds them.

Clean Lines

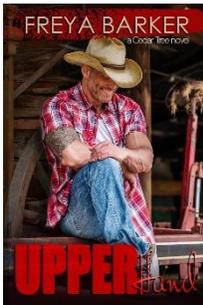

When her surly teenage son moves back to live with ER physician Naomi Waters unexpectedly, her motherly instincts go on high alert. Nothing could've prepared her for the wave of trouble that follows him back into her life.

Sheriff Joe Morris blew his chance with Naomi a few years back when he'd moved faster than his own past allowed. At the first opportunity to get his foot back in the door, he takes it and risks everything to keep her and her son safe.

But working for a future isn't easy when you're fighting to survive your past

Upper Hand

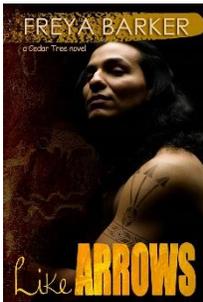

More often than not, Clint Mason has his foot firmly wedged in his mouth, which tends to get him in plenty of hot water with the ladies. Although his laid back good ole' Southern charm does not fly far with the female population of Cedar Tree, the big burly contractor hides his dark side well.

The only one Beth Franklin allows herself to rely on is Beth, and so far that has served her well. Just when her son disappears after dropping his little guy off on her doorstep, her life seems to spiral out of control. For the first time ever, fearing for his safety, the fiercely independent waitress is forced to be on the receiving end of a helping hand.

That's not easy for her, especially since the shovel-sized hand belongs to a man whose approach has run hot and cold the last year, leaving her feeling off balance. With a steady and commanding force, he exposes her softer side, while doing everything he can to keep her and those close to her safe.

Like Arrows

An assignment has just turned interesting for GFI investigator Malachi Whitetail. When a shy, mousy woman walks into his local diner, it takes him a minute to recognize her as an employee of the real estate office he's been monitoring. Not a believer in coincidence, Mal decides a closer look at the short brunette might be warranted. It will be the first, but certainly not the last time, he finds himself coming to her rescue.

Kimeo Lowe leads a pretty quiet existence, which is why, when she ends up a witness to a crime, her curiosity into her boss's suspected shady dealings gets kicked into high gear. She may not be the most sociable of people, but she's always been independent and industrious, so when an opportunity to dig a little deeper arises, she doesn't think twice. It would seem that this time she's bitten off a bit more than she can chew, and when a freakishly tall Native American Adonis intervenes not just once, she decides sleuthing may be best left to professionals. But it's a bit too late.

Just when life has settled into a comfortable routine, Kim finds herself dealing with not just one, but two threats on her life. With every turn there are new challenges to face, and Mal is not about to let her face them alone. Not even when he turns out to be no match for her most dangerous enemy.

Head Start

Kendra Schmitt puts most of her time into the new clinic in Cedar Tree, which is now almost running full time. With her schedule a bit more predictable, she finally considers a personal life and concedes to a disastrous blind date. Always the responsible one in her family, she has avoided any kind of entanglement. In particular with a certain young investigator.

Junior member of the GFI team, Neil James, has seen and experienced more than most at his age. When his team becomes part of a task force investigating a series of murders in the area, his protective instincts kick in. The victims' profiles closely match that of a certain physical therapist.

Neil has been trying unsuccessfully for over a year to get closer to Kendra. Now that she might be in danger, he's determined to break through her resistance and goes all out to win her trust.

Especially now that the killer's focus appears to zero in on Kendra.

He treasures his friends, yet he's steered clear of committed relationships. He likes his life comfortably predictable and entirely controlled. Until it isn't. For months he's avoided interacting with The Skipper's newest addition. Perhaps realizing that once he looked deeply into those liquid brown eyes, he wouldn't be able to turn away.

When his present and her past puts them both on the brink of change, they are forged through fire as one.

Still Air

Deprivation haunted her...

Regret troubled her...

Silence left her detached...

A life in the service of others is both penance and a blessing. She soothes her personal hell by pulling victims from theirs, helping them on their path to survival; never finding her own.
